## School overview

Our school has a long and proud history. As the first school in Gladstone, beginning in 1861, our school has been part of the Gladstone region's growth from a small, rural town to a modern, industrial city serviced by excellent deep water port facilities. Here, students feel successful, have positive self image, excel and confidently master new skills.

Our Prep to Year 6 curriculum is augmented with Gifted Education perspectives, Early Intervention strategies and Learning and Special Needs Support. Japanese is the LOTE language offered. Classroom teaching programs utilise new technologies to be balanced and innovative but never lose sight of the foundations of English, Mathematics and Science.

Our school has a vast array of extra-curricular activities including instrumental music, robotics, and involvement in local sporting competitions.

The value of the parental role in education is well recognised at Gladstone Central State School. Parents are encouraged to become actively involved in the school through our Parents and Citizens Association which provides the advice and additional resources critical to our success.

## School Progress towards its goals in 2019

We are justly proud of the achievements of our school and of its present and past students and staff.

We have developed productive partnerships with our students, parents, school and local community, and together, we are plotting a course for developing each of our students to realise their individual and collective potential.

This report provides parents and members of the school community with information about the school's activities and performance over the past year. It highlights our strengths and identifies areas for development and improvement during 2019.

A hard copy of this report is available from the school office.

In 2018 our school critically examined our learning achievements and school practices through a Quadriennial Review process and established key directions. In 2019 Gladstone Central State School's progress towards these included:

Teaching and Learning: Improvement in the performance of all students in Reading, Maths and Writing. · Closing the gap in educational outcomes for Indigenous students, in particular achievement and attendance. · Improvement in the % of students who reach top 2 bands for English and Maths.

Community Relationships: Supported children's holistic wellbeing through fostering skills and attributes that encouraged them to have Kind Hearts, Brave Spirits and Fierce Minds · Continued building productive partnerships with our community and beyond.

Supportive Resources: Continued to manage resources effectively to strengthen delivery of teaching and learning in our school. · Implemented parent and community engagement strategies that supported improved student outcomes.

## Future Outlook

Our future outlook has as its foundation, a positive and strong culture of continual improvement of student achievement by both students and staff and the professional growth of our staff to meet the challenges of curriculum innovation.

In 2020 we will continue to focus on:

**Pedagogy:** Implement targeted initiatives to improve the % of students who reach top 2 bands for English and Maths.

**Professional Practice:** Support teachers to transform teaching and learning practice to improve student learning outcomes through the use of rich digital learning environments engaging our diverse range of students. Continue to manage resources effectively to strengthen delivery of teaching and learning in our school.

**Performance:** Improve the performance of **all** students in English, Maths and Science, targeting 95% to achieve National Mean Standards in all areas by 2022. Closing the gap in educational outcomes for Indigenous students through a particular focus on achievement.

**Partnership:** Implement further parent and community engagement strategies that support improved student outcomes. As the demographics of our school changes, we continue to refine our key directions and focus on the development of partnerships with other schools and organisations in our district to support the academic and social growth of our young people. Support children's holistic wellbeing through fostering skills and attributes that encourage them to have Kind Hearts, Brave Spirits and Fierce Minds. Continue building productive partnerships with our community and beyond.

### Characteristics of the student body

#### Student enrolments

Table 1: Student enrolments at this school

Enrolment category	2017	2018	2019
Total	342	356	363
Girls	173	190	190
Boys	169	166	173
Indigenous	23	30	29
Enrolment continuity (Feb. – Nov.)	90%	93%	90%

Notes:

1. Student counts are based on the Census (August) enrolment collection.
2. Indigenous refers to Aboriginal and Torres Strait Islander people of Australia.
3. [pre-Prep](#) is a kindergarten program for Aboriginal and Torres Strait Islander children, living in 35 Aboriginal and Torres Strait Islander communities, in the year before school.

In 2019, there were no students enrolled in a pre-Prep program.

## Average class sizes

Table 2: Average class size information for each phase of schooling

Phase of schooling	2017	2018	2019
Prep – Year 3	23	22	20
Year 4 – Year 6	25	24	23
Year 7 – Year 10			
Year 11 – Year 12			

Note:

The [class size](#) targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

## Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

### Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

### How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

## Social climate

### Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

## Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

## Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community. Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

## School disciplinary absences

Table 6: Count of incidents for students recommended for school disciplinary absences at this school

Type of school disciplinary absence	2017	2018	2019
Short suspensions – 1 to 10 days	19	21	41
Long suspensions – 11 to 20 days	0	0	0
Exclusions	0	0	0
Cancellations of enrolment	0	0	0

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

## Environmental footprint

### Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	70,049	83,408	115,764
Water (kL)	2,045		2,791

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool\* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

\*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

\*Teaching staff includes School Leaders.

\*\* *Indigenous* refers to Aboriginal and Torres Strait Islander people of Australia.

#### Qualification of all teachers

The Queensland College of Teachers (QCT) is responsible for ensuring that teaching in Queensland schools is performed by an appropriately qualified person, that has successfully completed either -

- (a) a four-year initial teacher education program including teacher education studies of at least one year (e.g. a Bachelor of Education, or a double Bachelor degree in Science and Teaching) or
- (b) a one-year graduate initial teacher education program following a degree (e.g. a one-year Graduate Diploma of Education (Secondary) after a three-year Bachelor degree) or
- (c) another course of teacher education that the QCT is reasonably satisfied is the equivalent of (a) or (b). These are considered on a case-by-case basis.

For more information, please refer to the following links
